ANNUAL
REPORTS

OF THE

TOWN OF

DERRY

FOR THE YEAR ENDING

FEBRUARY 15, 1908.

NEW HAMPSHIRE
STATE LIBRARY

ANNUAL REPORTS

OF THE

SELECTMEN, TREASURER,
SCHOOL BOARD, BOARD OF
HEALTH, TOWN CLERK,
LIBRARIANS and TREASUR-
ERS of TAYLOR and DERRY
PUBLIC LIBRARIES.

OF THE

TOWN OF DERRY

For the Year Ending February 15, 1908.

"NEWS-ENTERPRISE PRINT."
Birch St., Derry, N. H.
1908.

TOWN WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

[L. S.]

To the inhabitants of the Town of Derry qualified to vote in town affairs.

You are hereby notified to meet at the Town House in said Town on the second Tuesday of March next, at ten o'clock in the forenoon to act on the following subject:

1. To choose all necessary Town Officers for the year ensuing.
2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, for maintenance of the poor, for laying out and repairing highways, building and repairing bridges, and for other necessary charges arising in said town.
3. To see what sum of money the Town will vote to raise and appropriate for the use of Upton Post, No. 45, Department of New Hampshire, Grand Army of the Republic, to defray the expenses of Memorial Day.
4. To hear the reports of agents, auditors or committees heretofore chosen, and pass any vote relating thereto.

5. To see if the Town will vote to raise and appropriate a sum of money for the improvement of the highways in accordance with the provision of section 4 of an act passed by the New Hampshire Legislature, 1905, entitled, an act to provide for the state aid and for the expenditures of other public moneys in the permanent improvement of main highways throughout the state.

6. To see what sum of money the Town will vote to raise and appropriate for the purchase of books for the Derry Public Library, for maintaining said library and pass any vote relating thereto.

7. To see what action the Town will take relative to constructing a public sewerage system and take any vote relating thereto.

8. To see if the Town will vote to purchase the rights, holdings and property of the West Derry Sewer Association and pass any vote relating thereto.

9. To see if the Town will vote to establish and maintain an arc light near the bridge on Highland Avenue.

10. To see if the Town will vote to locate and maintain a hydrant near the buildings of H. P. Hood and Sons on Pinkerton street.

11. To see what action the town will take in relation to street lighting and take any vote in relation thereto.

12. To raise such sums of money as may be necessary for any articles embraced in this warrant.

Given under our hand and seal this 22nd day of February 1908.

REPORT OF THE DERRY WATER WORKS CO.

TO THE SUPERIOR COURT.

In the matter of the petition of the town of Derry and the Derry Water Works Company, the undersigned commissioners and appraisers under rule of said court having attended to their duties under said rule, now make report of their doing as follows:

The Commissioners, Wheeler, Coffin and Jordan met the parties and their counsel at West Derry on Sept. 19, 1906, at 2 p. m., when and where it was arranged and agreed by said parties and their Counsel, and assented to by your commissioners, that said Wheeler and Coffin, both skilled engineers and experienced in such matters as were involved in this petition and commission, should thoroughly examine this water works plant and all its elements of value, and, on so many points as it was possible, to agree on its value; and that if after full investigation their minds failed to meet on some of the matters, then their differences were to be submitted to the judgment of the other Commissioner. Under this arrangement, Commissioners Wheeler and Coffin at once entered upon their work, but before it was completed Mr. Coffin died, by reason of which death, delay was caused. Afterwards Mr. George A. Kimball of Boston, another skilled engineer was commissioned to the post made vacant by the

decease of Mr. Coffin. He and Mr. Wheeler took up the investigation anew, and from the beginning, the same arrangement and agreement made on Sept. 19, 1906, as above set forth, obtaining and holding February 13, 1907,—After having notified counsel of the parties that they could be heard before them,—Your commissioners met in Boston and carefully went over the work done by Commissioners Kimball and Wheeler, their estimates and value of the plant. It was then thought best that they and their assistants should further examine some parts of the plant, after which the full board would meet to complete its work. This they did. The commissioners again met in Boston, May 14, 1907.

And now having fully considered all the matters embraced in the said rule of Court to the said Commissioners issued, they say that they have appraised the property, works, structures, franchises and all the property whatsoever of said Derry Water Works Company on Jan. 1, 1907, the date when said town of Derry entered into occupation of the same, inclusive of all the personal property and stock on hand, for repairing, reconstructing and operating said plant on said last named date, at the sum of One Hundred and Twenty-five Thousand, five hundred dollars. (\$125,500.00).

It was agreed by the parties that in addition to the foregoing, the Commissioners should find and report to the Court the value of the Campbell house and stable on said Company's land, near the pumping station, which value we fix at the sum of Twenty-one Hundred dollars (\$2100.00).

The charter of said Company, the contracts between the same and the Town of Derry, and the town meeting warrants and records of votes thereunder, relating to the sale of the plant to the town are referred to so far as it may be neces-

sary. The outstanding bonds of said Company for the construction of said plant, amounting as the Commissioners understand, to the sum of Forty-four Thousand dollars (\$44,000.00) are to be assumed by said Town of Derry and met at maturity, as part of the purchase money by said plant, i. e., of said \$125,500.00. How and by whom the annexed bill of Commissioners shall be paid we leave to the order of Court and agreement of parties.

C. B. JORDAN.

REPORT OF BOARD OF HEALTH.

For the year ending Feb. 15, 1908, there has been two cases of Measles, two of Diphtheria and one Typhoid. Twelve deaths from tuberculosis, and in every house where such a death occurred, the room or rooms, occupied by the patient has been disinfected, papered, painted and white-washed.

Each school room has been disinfected each term and the sanitary condition carefully looked after.

The attention of owners has been called to over fifty cesspools and vaults. Fifteen dogs, eleven cats, three pigs and one horse have been buried by the Board.

Respectfully Submitted,

WALTER R. SANDERS,	}	Board of Health
WILLIAM F. EATON,		
C. H. NICKERSON,		

DERRY PUBLIC LIBRARY.

REPORT OF THE TRUSTEES OF THE DERRY PUBLIC LIBRARY.

The Trustees of the Derry Public Library submit the following report for the years 1907-8, including those of the Librarian and Treasurer. From those reports it is evident that in some measure, the library is supplying a much needed factor in the development of the educational and literary tastes and habits of our community, and those who enjoy its privileges can hardly fail to appreciate the spirit of philanthropy and generosity that made them possible.

Each year those privileges are enjoyed by a larger number of our people, the past 12 months adding about 12 per cent to the circulation of books, while the reading room is well patronized by both sexes and all ages. It is especially pleasing to see so many young men and boys sitting at our tables. The trustees have tried to make the best possible use of the funds given them. Assuming that we are expected to purchase such additional furnishings as may be required, from time to time from the annual appropriations from the town, we have expended eighty dollars for book-cases and a card catalogue case which reduced the sum available for procuring new books. Another considerable expense was incurred in the purchase of the New International Encyclopedia but that the money was wisely expended, we think all who may have occasion to consult it will agree.

With the constant increase in the number of patrons comes a corresponding demand for more books to meet their requirements. It is doubtful if there is another library in the state that has issued so many cards with so few books from which the holders can make their selections as ours. It is therefore apparent that for some time it will require liberal financial support if it is to meet the demands made upon it.

As will be seen by the Librarian's report, the fiction department is by far the most largely patronized but probably not more so than in most libraries.

We have an excellent collection of non-fiction books—Philosophy, Religion, Sociology, Philology, Natural Science, Useful Arts, Fine Arts, Literature, History and Biography are all represented.

Our library is still under the supervision and management of Miss Elsie Gaskin, whose interest and efficiency is recognized not only by the trustees, but by all who are acquainted with her work. She has a valued assistant in Miss Florence M. Thurston who renders such aid as is required on Saturdays and occasionally at other times. The work increases with the enlarged circulation, the purchase of new books, and the the repairing of those longer in use. In the latter, our librarian has become an adept and well earns no inconsiderable part of her salary in that employment greatly prolonging the life and use of many volumes.

The trustees would acknowledge the gift of books and periodicals from friends of the library and also the kindness of the local newspapers in gratuitously publishing notices and lists of books.

Donations of good books and periodicals will be thankfully received and we would suggest that if during the coming year each card holder would donate one book or its value

in money, the number on our shelves would be nearly doubled, and if this were to be repeated for a few years, with liberal appropriations from the town, we should soon have a library that would compare favorably in size with those of other places of like population.

TRUSTEES.

LIBRARIAN'S REPORT.

TO THE TRUSTEES OF DERRY PUBLIC LIBRARY:

The third annual report is hereby presented:—The library has been open Monday, Wednesday and Saturday afternoons from 3 to 5, and every evening from 6 to 9, and on Saturdays to 9:30, with the exception of Sundays and holidays. The reading room has been open every day from 2 to 5 and from 6 to 9 and on Saturdays to 9:30, except holidays, and on Sundays from 3 to 5 o'clock during February to June and October to February.

During the last year the circulation has made the large gain of 1926 or an increase of 12 per cent. This is gratifying as it shows that the library is keeping abreast of the needs of the community and that reading has become the constant practice of many who without the library would not have the privilege of using books.

The most useful addition this year is the card catalogue which was begun nearly two years ago. The cards, numbering about 5000, have been placed in a convenient cabinet and are being used to advantage by many patrons as well as

by your librarian. These make a reliable reference list which the library did not have previously.

A set, comprising 21 volumes of New International Encyclopedia, has also been placed among the reference books. This is considered by many to be the best and is the latest encyclopedia published. In it will be found articles pertaining to the latest research in all branches of learning and by well known authors whose authority is the best.

New book cases accommodating about 450 books have been added and are already nearly filled, necessitating more shelf room in the near future.

The inventory was taken this year, as last, without calling in the books. Only one book, "White Fang," by Jack London, cannot be accounted for. This is only the second book lost from the shelves in the history of the library. Two books, however, have been lost through circulation.

To the trustees and the assistant librarian I wish to extend my personal thanks, for their many kindnesses and cooperation.

TOWN SCHOOL WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

To the inhabitants of the Town School District of the Town of Derry, qualified to vote in District affairs :

You are hereby notified to meet at the Town House in said district on Saturday, the seventh day of March, 1908, at two o'clock in the afternoon, to act on the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the Board of Education for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the report of the Board of Education and pass any vote relating thereto.
6. To hear the report of the Treasurer, Auditor or other officers heretofore chosen and pass any vote relating thereto.
7. To see what sum of money the District will vote to raise by taxation and appropriate for educational purposes.
8. To choose Agents, Auditors and Committees in relation to any subjects embraced in this warrant and transact any

other business which may legally come before this meeting.

Given under our hands at said Derry this 21st day of February, 1908.

REPORT OF BOARD OF EDUCATION.

In compliance with the law we respectfully submit the following report with a financial statement for the year ending Feb. 15, 1908. Expenditures will be found as far as possible under classified headings.

The mild winter weather has resulted in good attendance in the schools, and much less fuel has been consumed than usual thus far.

The repairs have been unusually light although conditions at District No. 9 required an outlay of some over three hundred dollars.

The East Side school building needs painting badly. Its present appearance is hardly in keeping with its surroundings. The new rooms are now all occupied. Some desirable changes have been made in the basement improving the sanitary conditions and making the possibilities of a fire more remote.

At the West Side building the attendance is approaching a congested condition, it being necessary at times to use the hallway for a recitation room. We are very sure something will have to be done here very soon to make more room. We believe the originator or architect of this building had a very poor idea of what was needed at the time of its erection.

Co-operation of parents and teachers insures good progress for the pupils. That a very small per cent of the par-

ents ever see the inside of our school rooms is very much to be regretted, your occasional visit would mean very much. If you do your duty you can not do otherwise.

We are unanimous in the opinion that supervision thus far has been entirely successful. That we shall not be able to retain it under its present very prosperous conditions is probable. That Herbert L. Grinnell our present Superintendent may leave us is something we fear. We know he has better opportunities offered him, should he accept we meet with a loss.

Two thousand dollars is the present indebtedness of the district, eight hundred dollars of this is due to be raised this year.

Read the Superintendent's report for further information.

SUPERINTENDENT'S REPORT.

TO THE SCHOOL BOARD:

I herewith submit to you my third annual report on the condition of the schools of Derry.

The work done in our schools has been a continuation of our past efforts. Our teachers have worked hard and conscientiously. Our pupils have been as well supplied with textbooks as our financial condition would warrant.

You will see by the following table of attendance for the past fall term that there has been a very slight increase in the number of pupils this year, due to the business situation. However, our graded schools are crowded and with the return of better business conditions and the consequent increase in the school attendance, the District will again be confronted with the proposition of providing more school room. The greater increase is on the West Side and in all probability it is only a matter of a year or two when it will be necessary to provide more room there. At the present time we could use an additional room to advantage. The attendance at the Oak street school in the fourth and fifth grade rooms is very large. If this increase keeps on, as it now seems that it will, three more rooms will be needed. This would mean six rooms across the track. More than six rooms in one building is in my opinion poor economy.

The attendance of the children this year has been better than for the past two years and the demand for a truant officer has not been great. But in case of necessity we have in Mr. Tabor a very efficient man.

Our percent of attendance for the term ending Dec. 20, 1907, was very nearly 91 per cent, two per cent higher than the average for the county for the year ending July 15, 1906.

There were 532 instances of tardiness, however. I am at a loss to explain why there were so many. I feel that the blame is partly on the children, partly on the parents and partly on the schools in not demanding prompt attendance.

The superintendents and foremen in the local shops have taken a very commendable attitude in regard to employing children under age and have shown no disposition to evade the law, which fact has made it easier to keep the children in school.

The school buildings are all in fair repair. The building in District No. 3 has been temporarily repaired this past year and put into use.

Most of the buildings are provided with a flag and flag-pole. Those that are not will be fully equipped in a short time.

There are employed in the Town District at present 23 teachers. There have been very few changes from last year. As time goes on there is a constantly increasing demand for trained teachers. Necessarily when the standard for teachers is raised, the salaries should be increased also.

During the past few years we have lost a number of teachers on account of low remuneration. In order to remedy this situation somewhat, the salaries of nearly all the teachers in town have been raised. We are now paying a fair rate of compensation. In the graded schools normal graduates or teachers of successful experience receive \$324.00 the first year, \$360.00 the second year and \$400.00 the third. There is one additional grade for an eighth grade teacher, making the maximum for that grade \$440.00. The majority of the

teachers in the district schools are receiving \$324.00, while eight of the teachers in the grades are receiving \$400.00. This is an increase of about \$40.00 a year. With the exception of our principal at the Oak street school, no teacher is getting over \$400.00. It seems impossible that there could be any further increase in pay for a year or two. I think that the town is very fortunate in having a very able corps of teachers.

For the three years that Derry has had supervision it has been my desire to see the children of this town have a chance to get a good high school education. When our schools have reached the stage where we can be reasonably sure that at least 80 per cent will pass into the academy then they will be where they ought to be. For the past four years results have been constantly improving so that now if a child is unable to pass the examination it is apt to be from some outside cause, such as unwillingness to do home work, poor attendance or perhaps attractions outside of school.

In closing this report I wish to thank the Board members by whom I have been employed for their constant kindness and courtesy. I wish also to thank the parents for assisting in making the three years that I have been superintendent of the schools of Derry ones that I shall always hold as a pleasant memory.

Respectfully submitted,

HERBERT L. GRINNELL, JR.

ROLL OF HONOR.

FOR THREE TERMS.

The children whose names appear on this list have been neither absent nor tardy for the three terms commencing in January 1907 and are to be especially commended for their fine showing.

Kneeland Low	Doris Butler
Grace Bolduc	Amy Ford
Winfield Sawyer	Marion Smith
Gail Weston	Alice Bushway
Amy Bushway	Clara Bushway
Willard Clyde	

FOR TWO TERMS.

The children whose names appear on this list have been neither absent nor tardy during two of the three terms in the year 1907. This is a good record and the children are to be commended.

Henry Ford	Lillian Abbott
Alberta Bailey	Laura Paquette
Melissa Roberts	Marion Westgate
George Bean	Celia Joyce
Yvonne Turcotte	Albert Courcey
Grace Meserve	Burton Roberts
Ray Davis	Basil Chaplain

SCHOOL WARRANT.

DISTRICT NO. 2.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

To the inhabitants of the School District No. 2, in the Town of Derry, qualified to vote in District affairs:

You are hereby notified to meet at the schoolhouse in said district on Saturday, the fourteenth day of March, 1908, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the Board of Education for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the report of the Board of Education and pass any vote relating thereto.
6. To hear the report of the Treasurer, Auditor or other officers heretofore chosen and pass any vote relating thereto.
7. To see what sum of money the District will vote to raise by taxation and appropriate for educational purposes, including salary of Superintendent.

8. To see if the District will adopt a by-law in regard to attendance at school of children between the ages of six and sixteen years in accordance with Article 93, Section 6, of the Public Statute.

9. To choose Agents, Auditors and Committees in relation to any subjects embraced in this warrant and transact any other business which may come legally before this meeting.

Given under our hands at said Derry this 27th day of February, 1908.

HELEN D. HOOD,	}	Board of Education.
JOSEPH B. BARTLETT,		
CHARLES A. SEFTON,

REPORT OF BOARD OF EDUCATION.

SPECIAL DISTRICT, NO. 2.

The committee feel that the school year just closed has been very successful.

Our grammar room has been somewhat crowded, and we were obliged to take a row of seats from the primary room and change the arrangement of the room to provide for the large number of pupils.

Our teacher, Miss Whipple, is deserving of great praise for doing such good work with so large a number of pupils and four grades.

In the primary room the attendance has not been as large as we would like. The cold weather keeps many of the smaller children from attending. Miss Fernald, a Normal school graduate, is in charge of this room.

In accordance with the vote taken at the last school meeting, the Town water has been put into the building, and one hundred dollars hired to pay for the same.

We have had the walls and ceilings tinted and the wood work varnished. There were many other repairs we would have liked to made but our funds would not permit.

We have a good school building and bright children and there is no reason why our school should not rank among the best.

Respectfully submitted,
HELEN D. HOOD, Chairman.

L. B. HARDY, Treasurer.

I have examined the above account and find it correct
with satisfactory vouchers for each item.

EDWARD L. GILMAN, Auditor.

SUPERINTENDENT'S REPORT.

DISTRICT NO. 2.

TO THE SCHOOL BOARD:

I am submitting to you my third annual report on the conditions of your school.

As you can see by the attendance record given below there has been a falling off in the number of pupils in attendance this year. This has been almost wholly in the primary room, while in the other room it was quite crowded at one time in the fall. Forty-two children, such as Miss Whipple had at one time, are too many for one teacher to handle successfully. In order to somewhat relieve this condition the fifth grade recite in the primary room in geography and reading. The children are making good progress but it is a hard task for a teacher to do the work of four grades and at the same time fit one of them for the academy.

We are paying good salaries and we are daily seeing the advantage of this. In the grammar room we are paying twelve dollars per week; in the other room nine.

The building is now in very good repair and beyond a few minor repairs it will be unnecessary to do very much to it this year. I do think that the floors should be oiled to prevent the children from breathing so much dust, and possibly it may be necessary to give the outside woodwork one coat of paint.

In closing this report I wish to thank the School Board and the people of the District for their support and help to me during the past three years.

Respectfully submitted,

HERBERT L. GRINNELL, JR.

ATTENDANCE REPORT DISTRICT NO. 2.

Attendance for year ending July 15, 1907,

Teacher	Total En- rollment	Av. Atten.	Av. mem.	p.c. at.	Tard.	Vis.Sup.
